LOCAL SERVICE

ORDERS/CHANGES

Services available

U S WEST Communications provides local calling service, long distance service within your calling area and optional services to meet your telecommunications needs. These are described in the "Service Options" section of this Customer Guide.

Service representatives can recommend services to meet your needs and explain charges. The following information is needed to complete your order:

1. Complete street address (including apartment number).
2. Type of service you want.
3. How you would like your directory listing to appear.
4. Information about previous service.
5. Other credit and employment information.

Charges to install or change service

The one-time charges to install or change your service will depend on the amount of work required. Generally, you will be charged for the processing of your order and the work we do to connect your line to our network switching office.

Subsequent changes, including changes to your directory listing, require a charge.

Service order charges

Residence

New service	**$19**
Subsequent	**13**

Business

New service	**$25**
Subsequent	**24**

Central office connection charges

If a U S WEST Communications technician is requested at your home or business to install inside wiring or jacks, you will be charged for the time the technician is there and for the materials used.

No charge to disconnect service

There is no charge to disconnect service. Call your service representative to make arrangements.

Advance payments/deposits

If you are a new customer with U S WEST Communications or if you have moved recently and need to re-establish service, a deposit may be required. The amount of the deposit is based on two months' local service and two months' estimated charges for calls within U S WEST Communications long distance calling areas.

Deposits for other companies

Other long distance companies may contract with U S WEST Communications to do their billing and collections. U S WEST Communications may require a deposit on behalf of these companies. The amount of the deposit would be based on two months' estimated long distance charges.

Special services

U S WEST Communications provides telecommunications services for customers with motion, vision, speech and hearing impairments through its Special Needs Center. The number is **1 800 223-3131** (no charge, TDD/Voice).

Services include:

- Arrange for exemption from operator service charges and local Directory Assistance charges.
- Provide complete information for TDD users about doing business with us, local calling areas, local and long distance dialing.
- Arrange for U S WEST Communications repair service for TDD users.
- Explain special rates for long distance calls within your long distance calling area.

The mailing address for the Special Needs Center is:

U S WEST Communications
200 S. 5th St., Room 158
Minneapolis, MN 55402

A TDD user can have a listing in the directory to indicate a TDD, and can have the phone number appear with or without a street address. There is no monthly charge for TDD customers requesting non-published or information-only listings.

If a physical disability prevents you from placing phone calls yourself or makes it impossible to look up numbers in the directory, contact the center to see if you qualify for exemption from the usual charges. This exemption applies only to home phone service.

REPAIR

AND INSIDE WIRING

Repair service

We maintain the local network. U S WEST Communications is responsible for providing you with access (dial tone and transmission facilities) to the local network.

Repair centers answer calls 24 hours a day but repair visits are generally scheduled during normal working hours only. If you are having local network problems call;

Residence and public telephone service customers
. . . . . **1 + 620-2201**

Business customers
. . . . . **1 + 620-2404**

If your service is interrupted for more than 24 hours after being reported to or detected by the telephone company, you may qualify for credit on your local monthly charges.

Wiring repair options

For repair of inside wiring, you have several options:

1. You can repair the inside wiring problems yourself.
2. You can have the repair done by another provider of service, such as an electrical contractor.
3. You can have U S WEST Communications repair your inside wire for time-and-materials charges, or you can subscribe to one of our maintenance plans for complete inside wire protection.

Call a service representative for more information about U S WEST Communications' services and what charges apply.

Repair of telephone sets

U S WEST Communications no longer repairs telephone equipment other than our public (pay) phones and equipment leased from the company's Special Needs Center.

The source of repair for telephone sets depends on whether you lease or own the telephones. If you lease, contact the supplier. If you own your telephone(s), follow the repair instructions on the warranty or return the phone to the place you bought it.

Repair of telephone company facilities

U S WEST Communications will repair service problems in the telephone company central offices, and the lines or line extending from the central offices to the terminal box or protector located inside/outside your residence or business, at no charge.

Wiring installation options

Most residence and single-line business customers have three options for installing telephone wiring and jacks in their homes or businesses.

1. You can do the work yourself.
2. You can arrange for installation by U S WEST Communications.
3. You can arrange for installation by an independent specialist.

All inside wiring must meet certain technical standards.

Prewiring a home or business

When building or remodeling a home, it's usually easier to install the telephone wiring before the drywall is put up. Wiring can be installed in finished locations, but more time and expense is involved and the wiring may be visible.

If you wish to have U S WEST Communications do this work for you, contact a service representative about prewiring services and related charges.

Premises cable

U S WEST Communications customers are responsible for the installation and maintenance of all premises telephone cable on their property. Premises cable is all telephone cable on the same continuous property that runs between buildings and between floors in buildings. This *does* affect owners, managers and occupants of multi-tenant and multi-story buildings.

U S WEST Communications will only be responsible for the cable up to the demarcation point terminal where it enters a building or complex. Any work which is needed past the demarcation point will be your responsibility. In many cases the demarcation point will be marked with a sticker which looks like this:

To find out if Local Measured Service will benefit you and is available in your area, call your service representative.

How does it work?
Local Measured Service usage charges for outgoing calls are based on how long you talk, where you call, time of day and day or week calls are made. You are not charged for:

BILLING

QUESTIONS/PAYMENTS

Understanding your U S WEST Communications bill

Bill date

The date shown at the top of each page is the bill date. This is when U S WEST Communications begins compiling your bill. Payments received after this date may not be included until the next bill.

"Payment due by" date

U S WEST Communications should receive your payment on or before this date. If you can't have the payment to us by that date, call your service representative. We will try to make suitable payment arrangements.

Customers may direct that partial payments be applied to charges for a particular company by calling the U S WEST Communications business office.

In the event that service is disconnected, to restore service all charges owed must be paid, including a reconnection charge. A security deposit also may be required.

Summary of current charges

This portion of the bill includes a summary of current charges. More specific detail of these charges is listed beginning below this section of the bill.

Detail of other charges and credits

This section is included if you have prorated and/or one-time charges and credits. These charges/credits are listed separately for each company that provides you with service, if that company has arranged with U S WEST Communications to prepare its billing.

These charges are listed separately for long distance calls within U S WEST Communications calling areas as well as for each long distance company that has arranged with U S WEST Communications to prepare its billing.

Consumer responsibilities

Customers' payments

Customers are responsible for making their payments in full and on time each month, or calling their service representative to find out about special arrangements. Otherwise, their telephone service may be temporarily disconnected.

Yielding a party line in an emergency

State law makes it a crime to refuse to yield a party line immediately when told the line is needed for an emergency. It is also unlawful to take over a party line by stating falsely that the line is needed for an emergency. The penalty for either offense shall be a fine or imprisonment or both.

Unlawful wiretapping is subject to prosecution

It is a crime under federal and state laws for any person to wiretap or otherwise intercept a telephone call, unless that person has first obtained the consent of one or both of the parties actually participating in the call. Properly authorized law enforcement officers can take part in interceptions without the consent of either party, when proceeding under court orders issued following the appropriate federal or state law. The penalty for illegal wiretapping can be imprisonment and/or a fine.

Fraudulent billing can lead to prosecution

It is illegal for a person to charge long distance calls to another's number or Calling Card without their permission. Persons placing such calls to avoid payment for service are subject to prosecution and if convicted are subject to imprisonment and/or a fine.

Telephone equipment

Customers are responsible for providing their telephone sets or other telephone equipment. Federal Communications Commission (FCC) guidelines allow you to supply your own telephone or other terminal equipment and connect it directly to the nationwide telephone network. You are not required to obtain your telephone or other terminal equipment from the telephone company in order to receive service. Rates and services are provided on an equal basis no matter where you obtained your equipment.

Telephones or other terminal equipment must be approved by the FCC and inside telephone wiring must meet certain technical standards. You are responsible for the proper connection, maintenance and repair of telephone equipment and inside wiring you are providing.

A charge of **$30** will apply for each repair visit by the telephone company requested by you when it is not due to a condition in U S WEST Communications equipment or service, unless you subscribe to the wiring maintenance plan. This charge is to recover the

CONSUMER GUIDELINES

costs of sending a repair technician to your premises. If your telephone system is served through common equipment, such as Key Systems, CENTREX/CENTRON or PBXs, the charge is **$45**. No charge applies if the difficulty is found in the telephone company equipment.

FCC rules also require that you notify the telephone company before connecting your equipment.

Privately owned data equipment may be connected to certain semi-public phone service. Contact your service representative for information.

If U S WEST technicians are dispatched to repair private-line services and if the service problem involves U S WEST lines (and/or equipment), there will be charges for the service call. However, if the service problem does not involve U S WEST lines/equipment, a charge of **$37.50** for the first half hour and **$20** for each additional half hour will apply during normal working hours. If the repair visit is outside normal working hours, higher rates will apply.

Telephone sets for customers with multi-party service

Special conditions apply for equipment used for multi-party service. Call your service representative for details.

Obtaining telephone equipment

If you want information about telephone sets or other types of *equipment*, contact a retail supplier of your choice. The sale of telephone equipment is a competitive business and, therefore, we cannot recommend particular suppliers to you. For more information, look in the Yellow Pages under "Telephone Equipment and Systems—Dealers."

Telephone safety

The telephone is one of the safest appliances in your home or office, but there are a few situations where a telephone user should be cautious.

- Do not use the telephone while you are in the bathtub, shower, or swimming pool. Putting the telephone in water could cause a shock.
- Avoid using the telephone during electrical storms in your immediate area. Urgent calls should be brief. U S WEST Communications uses protective measures to limit electrical surges from entering your home, but absolute protection from lightning is impossible.
- If you suspect a gas leak, report it immediately, but use a telephone away from the area in question. The telephone's electrical contacts could create a tiny spark when you dial. While unlikely, it is possible that this spark could ignite heavy concentrations of gas.

Directory errors and omissions

U S WEST Communications' liability due to errors in or omissions of directory listings shall be limited to and satisfied by an amount not exceeding one-half of the local exchange service charges (lines or trunks if PBX-CENTREX) for the service affected for the period from the date of issuance of the directory in which the mistake occurred to the date of issuance of a new directory containing the proper listing.

This tariff is on file with the Iowa Utilities Board and is also available for review at your telephone company.

U S WEST Communications has attempted to publish information that is current and accurate. However, the company cannot guarantee errors will not occur. The company is not responsible for the accuracy of material supplied by its subscribers. In no event does U S WEST Communications assume any responsibility to notify directory users of any error or omission.

Our employees carry company identification cards

For your safety, every U S WEST Communications employee is required to carry an identification card showing his or her name and a photograph. If you have any doubt whether people are from the phone company, please ask to see their card.

CONSUMER GUIDELINES

How to handle obscene, abusive, threatening or harassing calls

It is a crime under both state and federal laws for anyone to make obscene or harassing telephone calls. These laws have penalties of imprisonment and/or a fine.

If you ever receive annoying, obscene, abusive, harassing or threatening calls, follow these suggestions:

1. Hang up at the first obscene word. Hang up if the caller remains silent the second time you say hello. Remember, *you control your telephone*, not the person calling.
2. Do not give any information, such as your name or address, until the caller has been properly identified.
3. Advise your children and guests not to give out any information. If you are not at home, those answering your telephone should be instructed to say, "They're busy right now, may I take a message?"
4. If calls persist, call your telephone company or your police department.

Computer-generated calls

Some telephone solicitors utilize computer-generated calling devices. The call can be disconnected, and dial tone restored, by depressing the disconnect button on your telephone set for a period of 12 to 15 seconds.

TO CALL A PARTY ON YOUR LINE

Two-Party customers dial the listed number, hang up. Your bell and the bell of the called telephone will ring until the called telephone answers. When your telephone stops ringing, lift your receiver and begin your conversation. If no answer, lift your receiver for a moment and then replace it. This will stop the ringing and will clear the line for other calls.

100%
ACCURACY

It's an admirable goal to shoot for in publishing telephone directories . . .

But — with the thousands of subscribers to be listed, changed addresses and new numbers, we hope you understand how an error could occur.

Your name, address and telephone number in this directory likely are correct. But, if by any chance they are not, you'll do us a favor by telephoning or writing your business office.

We'll correct our records promptly so it will appear the way it should in the next issue.

●

. . . Each new issue of the
TELEPHONE DIRECTORY
contains an important
percentage of listings
that are new,
or changed.
. . . Many new telephones
have been installed.
. . . Many people have changed
their places of residence
or business.

AREA HISTORY AND ATTRACTIONS

HISTORY

AMES is situated near the geographical center of Iowa, about 35 miles north of the State Capital at Des Moines. Its location in the heart of rich agricultural land led to its selection as the site for the Iowa Agricultural College and Model Farm, created through a bill passed by the Iowa General Assembly in 1858.

In 1860 the first building for the college, Farm House, was erected. The school became a land-grant college under the federal Morrill Act in 1863, was renamed the Iowa State College of Agriculture and Mechanical Arts in 1898, and became Iowa State University (ISU) of Science and Technology in 1959.

The city of Ames was established in 1864 in anticipation of the extension of the Cedar Rapids and Missouri Railroad to the area. The President of the railroad, John Blair, named the settlement after Massachusetts Congressman Oakes Ames — a promoter of the railway system.

Ames was incorporated in 1870 with a population of a few more than 800 people. The original town consisted of a 12-block area extending from the railroad north to Ninth Street. The eastern and western borders were Duff and Burnett Avenues. With increasing rail shipments of farm products and the growth of the College, Ames prospered.

Ames is now the largest city in Story County and has a population of about 48,000 people, including student enrollment at ISU. U S WEST Direct, publisher of this directory, is pleased to be a part of this community in "The Center of It All."

INDUSTRY

Manufacturing, education, and the professions have surpassed farming as the major industrial focus of Ames.

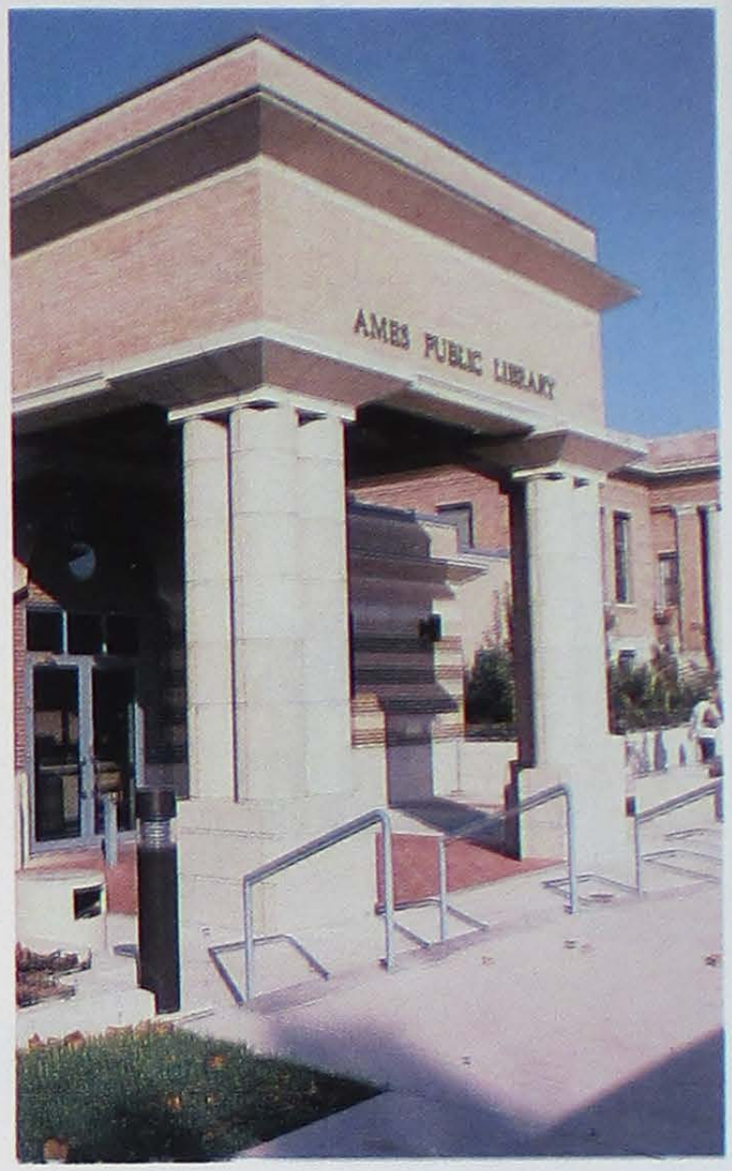

Iowa State University is the city's largest employer. Many international corporations have plants located here. Branches of state and federal government agencies have also been established here.

Ames is home to the Iowa Department of Transportation headquarters, the United States Department of Energy's Ames Laboratory, and the United States Department of Agriculture's National Animal Disease Center and National Veterinary Services Laboratories.

TRANSPORTATION

Located in central Iowa, Ames is served by rail and bus lines. Transcontinental U.S. Highways 30 and 69 and Interstate 35 cross in Ames. The Ames Municipal Airport accommodates small private aircraft, and the Des Moines International Airport, 35 miles south, provides commercial flights.

The Ames city government joined with the university administration and the government of the student body to form a system of public transportation now called Cy-Ride. For this cooperative effort in community action, Ames was designated an All-American City in 1983.

PARKS AND RECREATION

The city of Ames has acres of parks offering a variety of recreation facilities that include ballfields, an ice-skating center, tennis courts, bicycle paths, golf courses, swimming pools, and nature trails.

Summer concerts are held in the Municipal Bandshell Park. The Ames Parks and Recreation Department offers a full schedule of activities year-round, ranging from instructional classes to organized sports.

County parks, Iowa State University's horticulture gardens and arboretum, and a preserved natural prairie within the city limits provide additional recreational opportunities.

Sports enthusiasts can enjoy Iowa State University's varsity competition in the Big Eight Conference. The ISU Cyclones play basketball in the James H. Hilton Coliseum and football in the Iowa State University stadium.

The Ames and ISU communities sponsor several annual recreational events. The Annual Midnight Madness Road Races are held in July. Races include 5K and 10K runs — preceeded by a bicycle ride. The Iowa Games is a new event held in August and is a sports competition for amateur youths and adults. The Iowa Masters Tournament is held annually at ISU's Veenker Memorial Golf Course.

VEISHEA, a two-day Spring event, includes open house displays on campus, a parade, and a musical variety program. The term "Veishea" was derived from the first letters in the titles of the University's undergraduate colleges.

INDIAN CREEK CONSERVATION UNIT is one of two county park systems and contains Hickory Grove Park, Praeri Rail Trail, Robison Acres, Hickory Grove and Dakins lakes. Popular activities include camping, hiking, cross-country skiing, and snowmobiling.

Portions of the Conservation Unit are wildlife habitat and are open for hunting and trapping in season. Hickory Grove Lake offers year-round fishing. Boating and canoeing are permitted in summer.

SKUNK CREEK CONSERVATION UNIT is the second of the two county park systems. The Unit includes McFarland Park, Peterson Park, the Skunk River Greenbelt, and various prairies and marshes. Features of the park include a handicapped-accessible trail, an observatory for astronomical study, and ongoing education programs.

The Skunk River Greenbelt offers trails or canoe trips that pass Soper's Mill, one of the first grist mills built in the county, and a "Rainbow" Bridge that is included in the National Historical Registry. For more information on the Skunk River and Indian Creek Conservation Units see page EZ 13 of this *Easy Reference Guide*.

LEDGES STATE PARK is 20 miles southwest of Ames on Hwy. 17. Facilities include campsites, hiking trails, picnic grounds, fishing spots, and a petting zoo.

IOWA ARBORETUM, 20 miles southwest of Ames, contains hundreds of cultivated trees, shrubs, and flowers. There are many hiking trails through the 200 acres of forest.

AREA ATTRACTIONS

IOWA STATE UNIVERSITY occupies a central position in the life of the community. ISU holds several distinctions. ISU is the birthplace of the electronic digital computer — designed and built in the late 1930s by mathematics and physics professor John Vincent Atanasoff and graduate student Clifford E. Berry.

Other distinctions include the establishment in 1879 of the first state veterinary medicine school in the nation, establishment of the first statistics laboratory in the nation in 1933, home of the nation's first educationally-owned television station, and the first land-grant college to be coeducational from its beginning.

The university is the principal provider of entertainent through its numerous cultural and athletic activities. The Iowa State Center attracts concerts, ballet troupes, theatrical productions, and traveling exhibits to its 4-building complex.

Brunnier Gallery and Museum is housed in the Scheman Building of the Iowa State Center. The museum maintains a permanent collection of dolls, glass, ceramics, jade, ivory, American and Japanese prints, and work by Iowa artists. The museum also hosts changing, traveling exhibits.

Historical markers are located throughout the main campus which also serves as an arboretum. When classes are in session, the 50 bells of the Campanile sound daily in midday concerts. Brochures and maps of the campus are available from the Campus Information Center in the Union.

Nature trails are found in county parks.

ISU also provides the community with a variety of courses that may be audited or taken for credit, including evening and weekend courses. The campus itself has many attractions in addition to the cultural and educational facilities.

Memorial Union - Gallery and Pioneer Rooms. The ISU student union offers the Gallery and Pioneer Rooms for changing art exhibits. Art on exhibit is mainly by Iowa artists and is available for purchase as well as for public viewing.

C.Y. Stephens Auditorium hosts the annual Ames International Orchestra Festival which brings visiting musicians and famous symphonies from around the world.

Horticulture Gardens of ISU contain a variety of plants, flowers, and shrubs. Plant markers identify each variety along the walkways.

Farm House Museum is part of the Brunnier permanent collection. The Farm House was the first building on the ISU campus and was a regular stagecoach stop before the coming of the railroad. It has been designated as a National Historical Landmark and has been restored to reflect the 1860 to 1910 time period.

Christian Peterson Sculptures are located throughout the ISU campus. Peterson was an artist-in-residence at ISU and his works can be found in MacKay Hall, Parks Library, Lagomarcino Hall Courtyard, the Dairy Industry Building, and in front of the Memorial Union. His famous sculpture, "The Gentle Doctor," is on display in the Scheman Building at the Iowa State Center.

GRANT WOOD HERITAGE AREA in the Parks Library contains nine wall murals created under Grant Wood's direction. The murals depict the academic divisions of ISU and the breaking of the prairie by early pioneers.

OCTAGON CENTER FOR THE ARTS is the city's arts center. The Octagon offers year-round art classes, workshops, film and lecture series, and guided tours. IOWA STATE UNIVERSITY

Iowa State University, with an enrollment of more than 25,000, is a broad-based university of international stature. Created as the Iowa Agricultural College and Model Farm by the Iowa General Assembly in 1858, ISU became a land-grant college under the terms of the federal Morrill Act in 1864 and held its first classes in 1869.

Iowa State University was a pioneer in the establishment of agricultural studies on the college level, and is the home of the nation's oldest veterinary school. ISU has been instrumental in the progress the engineering profession has made leading to its present key position in an industrial society, has continually emphasized basic sciences, and has been a leader in establishing the profession of home economics. Renamed the Iowa State College of Agriculture and Mechanic Arts in 1898, it became Iowa State University of Science and Technology in 1959.

ISU's colleges of Agriculture, Business Administration, Design, Education, Engineering, Family and Consumer Sciences, and Sciences and Humanities offer 119 programs of study. The College of Agriculture also offers a two-year program leading to a Certificate in Agriculture.

The Doctor of Veterinary Medicine degree is offered by the College of Veterinary Medicine.

The Graduate College offers 122 programs leading to the following master's degrees: Master of Arts, Master of Agriculture, Master of Architecture, Master of Business, Master of Community and Regional Planning, Master of Administration of Computing, Master of Education, Master of Engineering, Master of Landscape Architecture, Master of Public Administration, Master of School Mathematics, and Master of Science. Ninety-five programs are offered leading to the Doctor of Philosophy Degree. ISU also offers a Specialist Degree program in school psychology.

Iowa State University is a member of the prestigious Association of American Universities. It is also accredited by the North Central Association of Colleges and Secondary Schools as well as by appropriate professional organizations.

Instruction is offered throughout the year. The academic year is divided into two semesters of 16 weeks each, beginning in late August and ending in mid-May. A summer session is held mid-June to early August.

STORY COUNTY PARKS

The Story County Conservation Board manages approximately 2,000 acres of parks and natural areas, including lakes, rivers, streams, timber, prairies, and marshes, for recreation, wildlife habitat, and outdoor learning.

The county is divided into two management units - the Skunk River Conservation Unit, headquartered at McFarland Park, and the Indian Creek Conservation Unit, headquartered at Hickory Grove Park. The Conservation Board's central office is located in Hickory Grove Park.

State park user permits are not required in Story County parks.

SKUNK RIVER CONSERVATION UNIT

McFarland Park. This 200-acre park, northeast of Ames, serves as the headquarters for the Conservation Board's Outdoor Learning Program. A ranger is in residence at the park. On-site facilities and programs include an outdoor amphitheater, a stargazing observatory, and the Touch-A-Life Trail (hard-surfaced trail for handicapped persons). Year-round interpretive programs are provided for school, youth, community, and public groups. Hiking, picnicing, cross-country skiing, bird watching, fishing, and nature enjoyment are popular activities. Winter activities include ice fishing and cross-country skiing. The lake is stocked with largemouth bass, bluegill, channel catfish, and grass carp.

Peterson Park. This 200-acre park in the Skunk River Greenbelt contains gravel pits, which will continue to be mined by Story County and the City of Ames while the area is reclaimed as a wildlife habitat. Recreational activities include swimming with park attendants present - 11 a.m. to 6 p.m. daily (Memorial Day through Labor Day), fishing, hunting, hiking, bird watching, picnicking, and boating (no motors). Other attractions include a pioneer cemetery, an old stagecoach trail, Skunk River canoe access, and a hunting-style archery range. Peterson Park is restricted to walk-in only from October 15 to April 15.

Prairies and Marshes. Vestiges of what Story County was like prior to pioneer settlement may be seen at Doolittle Prairie, Cooper's Prairie Marsh, Larson Marsh, and Jim Ketelsen Greenwing Marsh. The prairies are a blaze of color from May through October as prairie wildflowers and grasses bloom. Hikes with county naturalists through these outdoor classrooms reveal many prairie wetland wonders.

Skunk River Greenbelt. More than 800 acres of public land along the upper Skunk River provide valuable recreational opportunities and wildlife habitat. The Greenbelt includes canoe accesses and forest, river, meadow, and prairie habitat. There are areas for public hunting, backpacking, equestrian use, primitive camping, and historical and archeological areas.

INDIAN CREEK CONSERVATION UNIT

Dakins Lake. This small park near Zearing contains a five-acre lake stocked with largemouth bass, bluegill, bullhead, channel catfish, and crappie. Picnic facilities and overnight camping sites are available. Portions of the park are managed for wildlife and are open to hunting.

Hickory Grove Park. This 445-acre, multiple-use recreational area contains a 98-acre lake stocked with largemouth bass, bluegill, crappie, channel catfish, walleye, tiger muskie, and grass carp. On-site facilities include 43 modern campsites (most with electricity) and a shower house with flush toilets and hot water. Primitive camping is also available as is supervised youth camping. Other facilities include a 600-foot beach with lifeguards, public hunting areas, two enclosed lodges with fireplaces, and five open picnic shelters. There are also hiking trails and canoeing and boating areas. Winter activities include ice fishing, cross-country skiing, and snowmobiling. A concession provides boats, canoes, bait, tackle, and refreshments. There are picnic sites with grills, water, and sanitary facilities. Year-round fishing is allowed.

Praeri Rail Trail. This ribbon of land in north Story County, connecting Roland and Zearing, serves as a wildlife oasis. Non-motorized recreation, including hiking, jogging, cross-country skiing, and nature enjoyment, is encouraged. The trail contains tall grass prairie wildlife. The "Praeri" spelling is of Norwegian derivation, recognizing the ethnic influence of the area.

Robison Wildlife Acres. This unique area in south-central Story County was donated to the Conservation Board by a former Board member, Clay Robison. West Indian Creek forms the eastern boundary of the park, and nature trails wind through prairie and woodland. The area is a favorite spot for spring wildflower walks and nature study. The park is open to primitive, supervised youth camping.

User Fees support all programs. Special rates are available for groups upon request.

The Story County Conservation Board is involved in a number of special activities designed to promote public education and wildlife habitat in Story County.

IOWA ATTRACTIONS

Lake Macbride is a popular Eastern Iowa recreation area

Indians, trappers, explorers, and settlers all played a part in the history of Iowa. Prehistoric Indians built burial mounds along the Mississippi River bluffs, and the area was home to a number of Plains Indian tribes before Europeans discovered its riches.

The flags of both France and Spain flew over Iowa before the United States acquired it as part of the Louisiana Purchase. Immigrants from many lands came to Iowa. Their cultures are kept alive in many ethnic museums and festivals. The communities in Iowa offer a variety of recreation, arts and music, festivals, historic sites, and museums.

EASTERN IOWA

Iowa's eastern boundary is the Mississippi River, which can be viewed from the Great River Road that parallels the river. Northeastern Iowa was explored by Marquette and Joliet during their trek down the Mississippi.

Although the mighty Mississippi has been tamed by a series of locks and dams, a visitor center in the Quad Cities provides a view of its past, and riverboat excursions allow present day exploration.

DUBUQUE, Iowa's oldest city, was first settled in 1788. Dubuque's heritage as a Mississippi River town can be seen in the Riverboat Museum with its "hand-on" exhibits. Annual events include Dubuquefest, Riverfest, and Winterfest. Attractions include scenic points along Heritage Trail and the historic Mines of Spain.

DAVENPORT and **BETTENDORF** form the Iowa portion of the Quad Cities. Attractions include Mississippi riverboat cruises and the historic Rock Island Arsenal. Annual events include the Civil War Muster & Mercantile Exposition and the Victorian Christmas Walk. Museums in both cities display exhibits on the history of this region. The Hauberg Indian Museum and the Niabi Zoo are additional attractions.

CLINTON is home to the City of Clinton Showboat Museum, which offers musicals and stage shows mid-June to mid-August. The Clinton County Historical Museum traces area history. The Eagle Point Nature Center, overlooking the Mississippi River, features animal exhibits during summer and year-round nature trails.

BURLINGTON celebrates its Mississippi riverfront heritage in June with events that include riverboat cruises, a sailboat regatta, and musical concerts. Crapo Park commemorates the site where Zebulon Pike raised the American flag on Iowa soil in 1805. The Appletrees Museum and the Phelps House Museum preserve the area's history. The Snake Alley Historic District, along the "crookedest street in the world," contains buildings from the 1850s to the 1940s representing a variety of architectural styles.

DECORAH was settled by immigrants from Norway. Named for the Indian chief who assisted settlers during the Black Hawk War, the community celebrates its heritage with a Nordic Fest in July and a traditional Norwegian Christmas. The Vesterheim Norwegian-American Museum tells the story of life in Norway. Southwest of Decorah is the community of Spillville where composer Antonin Dvorak lived in 1893. The place where he lived now houses the Bily Clock Museum of hand-carved clocks.

CEDAR RAPIDS is home to the Pioneer Village, Seminole Valley Farm, Indian Creek Nature Center, and the Cedar Valley Nature Trail. The ethnic heritage of Cedar Rapids can be seen in the Czech Village — a neighborhood with museum and specialty shops. Festivals include the Czech Houby Days, Ethnic Days, and the Fall Festival.

IOWA CITY was Iowa's first state capital. The gold-domed Old Capitol building has been restored as a museum of Iowa history. Iowa City is home to the University of Iowa. Attractions at the University include the Iowa Center for the Arts, the Museum of Art, and the Museum of Natural History. East of Iowa City, in West Branch, is the Herbert Hoover Museum and Presidential Library.

AMANA COLONIES are seven villages along the Iowa River valley west of Iowa City. Founded by German immigrants, the communities have retained their old-world charm and offer museums, tours, wineries, shops, and country inns.

KALONA presents a living link with the past through the visible lifestyle of the Amish. The Historical Village and the Wahl Museum of antique collections reflect the pioneer heritage of Kalona. The Historical Society conducts tours of the village of Kalona.

KEOKUK is the site of a mile-long dam on the Mississippi with 119 spillways. Tours are available of the hydroelectric power plant. The George M. Verity, a Mississippi sternwheel towboat, is berthed on the riverfront and serves as a local museum.

MUSCATINE is the site where Marquette and Joliet first set foot on Iowa soil in 1673. The Toolesboro Indian Mounds are located near the junction of the Mississippi and Iowa Rivers and contain around 100 pre-Columbian Indian mounds. A visitor center is open Memorial Day through Labor Day.

WATERLOO and **CEDAR FALLS** celebrate the history of their communities during My Waterloo Days and the Sturgis Falls celebration in Cedar Falls. Waterloo's Grout Museum of History and Science and the Cedar Falls Victorian House Museum are added atttractions. The Cedar Valley Nature Trail provides areas for camping, biking, hiking, and cross-country skiing.

CENTRAL IOWA

Iowa's central region contains many historical attractions, the Saylorville and Red Rock reservoirs, Clear Lake and Lake Rathbun, and the capital city of Des Moines.

DES MOINES, Iowa's state capital, offers such historic attractions as the gold-domed State Capitol, the governor's mansion, the historic Salisbury House, and homes on Sherman Hill. Living History Farms are four fully operating farms, each representing a different era. Other attractions include the Botanical Center, Blank Park Zoo, Des Moines Art Center, Adventureland Park, and the Science Center of Iowa. The annual Iowa State Fair in August features scores of entertainers, exhibits, and events.

BOONE celebrates its railroad heritage during Pufferbilly Days in mid-September. Attractions include the Boone & Scenic Valley Railroad, the Mamie Doud Eisenhower home and museum, and the Kate Shelley Museum.

AMES is the home of Iowa State University. The Iowa State Center on the ISU campus brings top performers in music, theatre, and dance. The Center's Brunnier Gallery and Museum features traveling and permanent exhibits. The Ames International Orchestra festival is held each spring. The Farm House, the first building on the ISU campus, has been restored as a museum and is a National Historic Landmark.

MASON CITY provided Meredith Wilson with the setting for his musical "The Music Man." This musical legacy is celebrated during the North Iowa Band Festival in early fall. Area attractions include the Charles H. MacNider Museum of American art, the Kinney Pioneer Museum, and Van Horn's Antique Truck Collection.

OSKALOOSA was founded in 1835 by a nephew of Daniel Boone. Quakers later settled here in 1843. The Nelson Homestead Pioneer Farm and Craft Museum offers guided tours of a farm of the 1850s.

PELLA celebrates its Dutch heritage each year during the May Tulip Festival. The Historical Village Museum has restored buildings that include a Dutch museum, blacksmith shop, and the boyhood home of Pella native Wyatt Earp.

NEWTON is home of the Maytag "Home Laundry Appliance Center of the World." The Jasper County Museum features the Maytag washing machine historical exhibit as well as exhibits depicting county history. The Maytag dairy farm offers tours of its cheese producing facility.

OTTUMWA's history may be explored at the Wapello County Historical Museum. Tours are available of the John Deere Ottumwa Works, which manufactures hay and forage equipment. Annual events include the Midwest Country Music Festival in May, Dixieland Days in June, and the Pro Balloon Races in July.

WESTERN IOWA

The Lewis and Clark Expedition followed the Missouri River, the western boundary of Iowa, during their 1804 exploration of the Louisiana Purchase. The western region saw the passage of thousands of Mormons on their way to Utah, the notorious gun fighter Jesse James, and the 1856 Spirit Lake Massacre.

COUNCIL BLUFFS was so named because Lewis and Clark held a council here with chiefs of the Otoe and Missouri tribes during their exploration of the Louisiana Purchase. A monument on the bluffs commemorates this meeting. National Historic Sites include the General Dodge House, symbol of the days as the eastern terminus of the transcontinental railroad, and the "Squirrel Cage" Jail.

SIOUX CITY is Iowa's westernmost city and a former frontier boomtown. Attractions include the Castle on the Hill, Sargeant Floyd Monument, and the Chief War Eagle Monument. Stone State Park offers scenic views of the Missouri River. The annual Rivercade Festival is held along the Missouri in July, and a Dutch Tulip Festival is held in May.

ORANGE CITY is a Dutch community that recalls the Old World days during the annual mid-May Tulip Festival. Featured are Dutch costumes, street scrubbing, parades among the tulips, songfests, and folk dancing. A reconstructed windmill houses the Dutch museum. The Kobes Rock and Flower Garden has tulips by the thousands, roses, waterfalls, pools, fountains, an Oriental Garden and Tea House, and Ye Old Dutch Curio Shop. The Sioux County Museum is open to the public.

ELK HORN is the largest Danish settlement in the U.S. An authentic windmill, built in 1848 in Denmark, has been reassembled here. Flour is ground on the premises, and the millhouse serves as a museum. The community celebrates its heritage during TivoliFest each Memorial Day weekend.

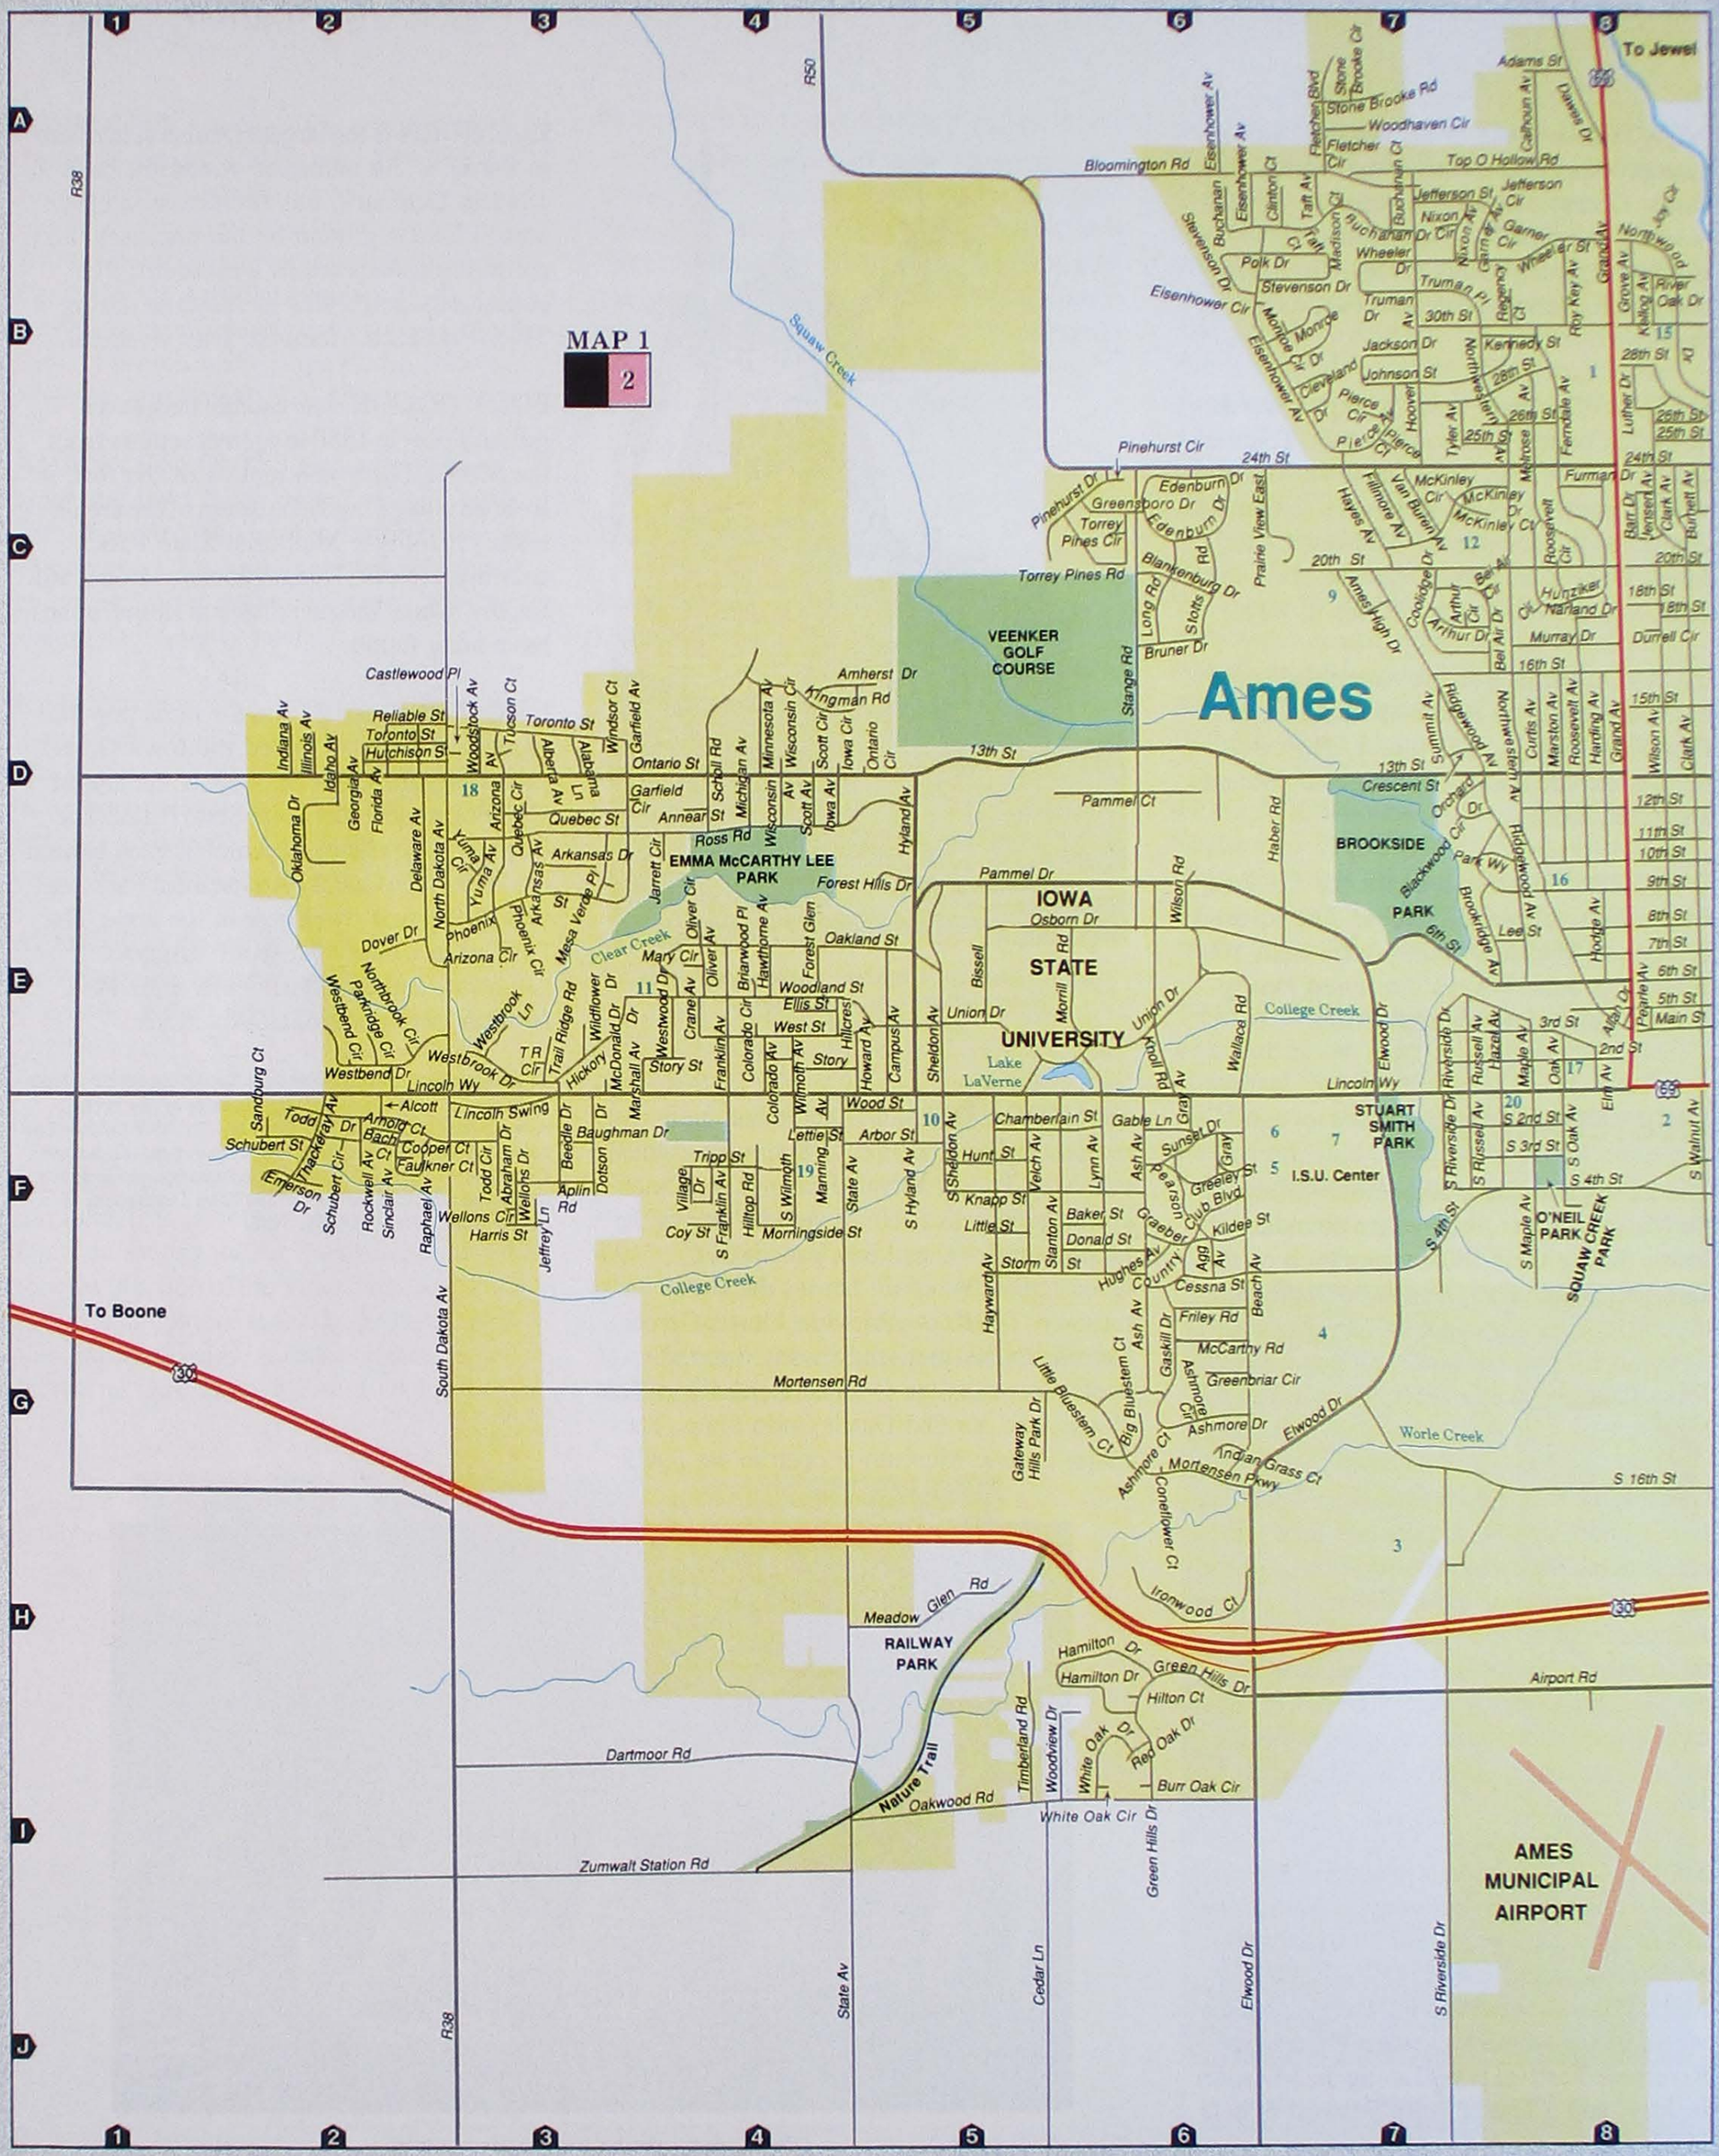

FORT DODGE was established as a military post in 1850 to protect settlers from the Sioux. There is a replica of the fort, a frontier village, and a museum of the area's history. Dolliver Memorial State Park, southwest of Fort Dodge, contains Boneyard Hollow where Indian relics and animal bones have been found.

OKOBOJI is one of Iowa's most popular recreation areas — called the Iowa Great Lakes region. Lake Okoboji is the site of Gull Point and Pikes Point State Parks. The Gardner Log Cabin in Arnolds Park behind the Dickinson County Amusement Park, was one of the first dwellings in the area. The Dickinson County Museum, Higgins Museum, and the Spirit Lake State Fish Hatchery are additional attractions.

TRANSIT INFORMATION

TRANSPORTATION THROUGHOUT AMES

Cy-Ride provides multiple transportation services to the public including a fixed route service, a door-to-door "Dial-A-Ride" service, an ISU parking shuttle, and a Friday and Saturday late night service.

THE FIXED ROUTE CY-RIDE: SEVEN-DAYS-A-WEEK SERVICE

The fixed route bus service is in operation weekdays 6:30 a.m. to 12:30 a.m., Saturdays 7:30 a.m. to 2:30 a.m., and Sundays 9:00 a.m. to 11:30 p.m. There is no service on Thanksgiving Day, Christmas Day, or New Years Day.

The fixed route offers adult fares and student fares. Children under five years, accompanied by an adult, ride free. ISU students must present a current fee card or pay the adult fare. Ticket books, monthly passes, and student semester passes are available. Call 292-1100 for exact fares.

DIAL-A-RIDE: DOOR-TO-DOOR SERVICE WEEKDAYS AND SATURDAYS

Dial-A-Ride is available to all residents of Ames including elderly, handicapped and the general public. The buses are equipped with wheelchair lifts. Attendants ride free when accompanying a handicapped person.

Dial-A-Ride service is available weekdays from 7:00 a.m. to 10:30 p.m. and on Saturdays from 8:30 a.m. to 3:00 p.m. It operates only within Ames city limits. More detailed information is available in a Cy-Ride route map and information folder, available by calling the Cy-Ride offices.

Call 292-1100 to arrange for a ride at least one hour before the ride is needed and allow at least 45 minutes riding time to complete the trip. Additional time will be required during winter months. Calls are booked on a first come - first serve basis. General public calls are considered second priority calls.

Calls are not accepted a day ahead unless they are reservations for people who will be using the service at least one day per week, at the same time, for a period of at least three consecutive weeks. Failure to show for a reserved call without giving one hour's notice will cancel the reservation.

NIGHT RIDE: DOOR-TO-DOOR SERVICE ON LATE FRIDAYS AND SATURDAYS

This is a free service operating within the city limits on Friday and Saturday nights when ISU is in session. Hours of operation are from 10:30 p.m. to 2:00 a.m. Call 292-1100 after 9:30 p.m. to arrange for a ride. Funding for this service comes from the ISU Government of the Student Body.

PARKING LOT SHUTTLE: AN ISU CLASS DAYS SERVICE

The Parking Lot Shuttle and the Orange Route provide free service connecting the Iowa State Center parking lot with central campus. Park in lots A4 and B6 and ride free to and from campus. Any person riding the Parking Lot Shuttle or Orange Route to or from RCA, Olsen Building, or Vet-Med must pay the appropriate fee.

GENERAL INFORMATION FOR USING THE CY-RIDE BUS SERVICE

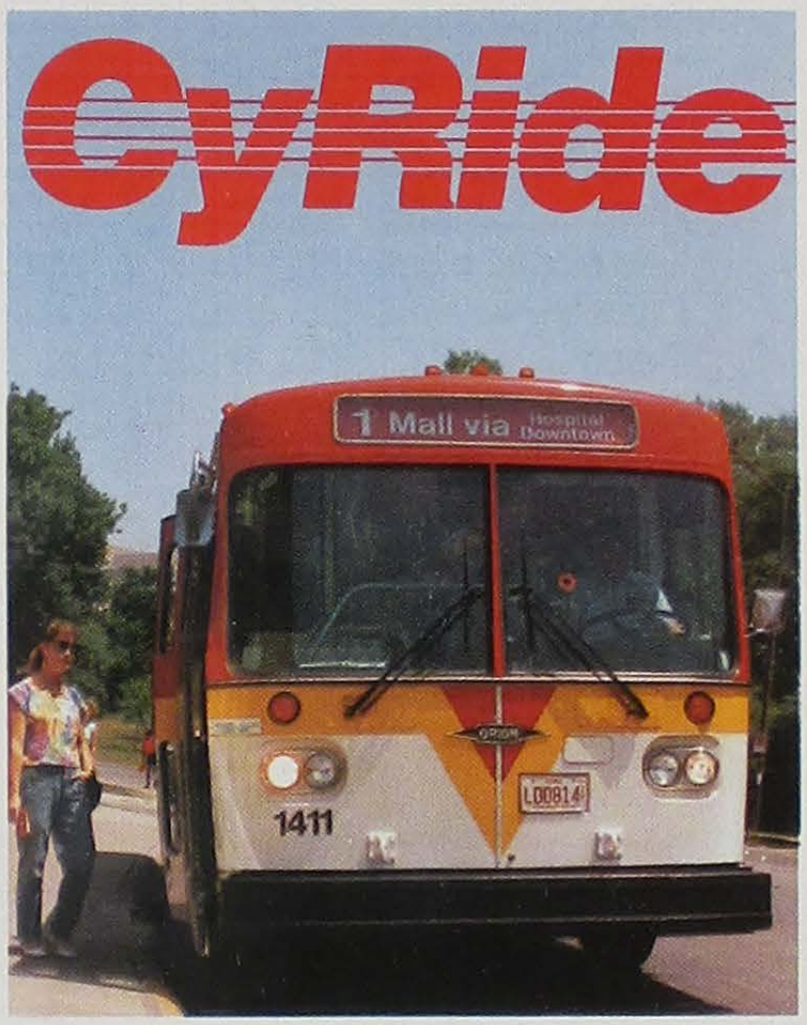

- Wait by the bus stop signs or at the bus stop locations shown on the Cy-Ride map folder. Make sure the bus driver can see you so you aren't passed by.

- Have exact fare, ticket, or unlimited pass ready.

- ISU students must show the driver their current ISU fee cards to ride for the reduced fare.

- If a transfer is needed to another route, ask the driver for a transfer ticket when paying the fare.

- Passengers should pull the bell cord about three-quarters of a block before wanting to exit. Passengers may exit only at marked bus stops.

For a copy of the Cy-Ride folder with route maps, timetables, fares and riding information...or for any information about Cy-Ride, call (515) 292-1100.

Four ways to help you use the Yellow Pages...

GOING SOMEWHERE?

Suppose you want to dine out. Just find "Restaurants" in the "R" pages, and select the one that suits you best. Almost any product or service can be found in this quick and convenient way.

FORGOTTEN A FIRM'S NAME?

There's a garage at 3600 Clearwater Ave., but you've forgotten its name. Simple check through the list in the "Automobile Repairing & Service" classification . . . find the Clearwater Ave. address and you've found the elusive garage, and its telephone number!

LOOKING FOR A TRADE-MARKED PRODUCT OR SERVICE?

You want a certain brand of tire but you don't know where it's sold. Just turn to "Tire Dealers—Retail" and choose from the list of dealers. Easy!

EVEN WHEN YOU KNOW THE NAME . . .

The Yellow Pages can help you. Suppose you want to phone a Sporting Goods Store named Smith and Sons. Chances are you would find it more quickly in the specific list of Sporting Goods Stores than in the White Pages.

Find it fast... in the

JEWELL

U S WEST COMMUNICATIONS

Your complete telephone number is needed on long distance calls-both to and from Jewell-and whenever you give your number to others. However, on local calls to other Jewell telephones, the first two numbers-82-may be omitted.

HOW TO CALL ANOTHER PARTY ON YOUR LINE

Two-party customers dial 421.

After dialing the number hang up. Your telephone and the called telephone will ring until the call is answered. When the ringing stops, remove receiver and start your conversation. If no answer, remove receiver for a few seconds and then replace it to stop the ringing.

TO CALL A PARTY ON YOUR LINE

If on repeated attempts to call a number the line is always busy it may be that the called number is on your line. Or if it is known that the party you wish to call is on your line, and you wish to call that party, proceed as follows:

1. Lift your receiver and listen for dial tone.
2. Dial 99 and directory listed number.
3. After dialing you will hear the busy tone. Then replace your handset. Allow a reasonable length of time for other party to answer, then pick up your handset and talk.
4. When the party you are calling answers, he will hear a 'ticking' sound which indicates that he should wait for calling party to speak.
5. If the called party does not answer, replace your handset.

The Yellow Pages

An effective way to build business

c U S WEST Direct

For a successful Yellow Pages Advertising Program just follow these 7 simple steps.

1. Tell the people what you will do for them. How you're different.

2. Be under the proper headings so people can find you fast. Should you be under more than one heading?

3. Use your logotype to gain recognition. Give facts about your qualifications.

4. Tell people about your special services...repairs, rentals.

5. List the products you carry.

6. Tell how easy it is to deal with you...credit, parking, hours, delivery.

7. Give telephone number and address, and if you're hard to locate, give directions.

How to be a better buyer

Price.
Service provided after a sale may affect the selling price. Ask if the selling price includes delivery, installation and service charges. Also ask about returns and refunds.

Estimates and Receipts.
On major purchases, obtain estimates from more than one company. Receipts should be obtained for all payments, as well as for appliances taken from your home or left for repair.

Service and Repair.
Check the cost of service calls by telephone. When the repairman is on the premises, ask for an estimate of the total cost of repair, then get an itemized bill before paying.

Contracts and Credit Details.
Don't be rushed into signing a contract if you are unfamiliar or unsure. Ask for a copy to take home for a careful review. Learn the terms, interest rate, and payment plan. Be sure to retain a copy of everything you sign.

Guarantees.
All guarantees and promises should be in writing. Find out who is responsible for carrying out the terms of the guarantee. If there is a registration card, be sure to send it in.
